IMMIGRATION LAW TO EXCLUDE JAPS PROPOSED

BRITISH PUT EMBARGO ON COAL EXPORTS

Government Takes Measures to Cover Home Needs During Threatened Strike

(By Associated Press)
LONDON, Oct. 15.—The British government today put an embargo on the export of coal from the United Kingdom, effective immediately, to cover supplies for home use, as a result of the threatened coal miners' strike, beginning next Monday. The miners in conference today decided that in view of the unsatisfactory reply made by the government to the miners' latest communication, that the mining districts be informed by telegraph that the only course was for workingmen to cease tomorrow. More than 1,000,000 tons of coal are mined throughout the United Kingdom, and the country's all-important coal industries will be paralyzed. Many industries, notably the iron and steel branches, and some shipbuilding and engineering works, already are arranging to close down.

WHEAT DECLINE WILL BE PROBED

(By Associated Press)
WASHINGTON, D. C., Oct. 15.—President Wilson has requested Governor Allen of Kansas to forward to him federal trade commission any information he has tending to indicate that the recent declines in wheat prices are due to unfair practices and competition or other artificial means.

STOCK MARKET IS INACTIVE

Although leading Divides showed higher prices, there was little activity in the trading. Tonopah Divide was stronger in high sales at 1.87 1/2, Gold Zone at 36, Brougher at 19, Belcher Extension at 7 and Kernick at 11 and 12. West Divide was weaker, with low sales at 23. Goldfields showed some activity, with Lone Star at 7 and Cracker at 4. Silver Pick sold at 8 and 7. In the Tonopahs West End at 13 and Rescue-Eula at 15 were unchanged. Breka was weaker at 1.42 1/2 and Consolidated Virginia sold at 4.25. Broken Hills remained the same at 11 and 12. The industrial market was steady. Total sales for the day were 133,700 shares.

UNITED COMSTOCK MAKES PROGRESS

Operations by the United Comstock Mines company in Gold Hill continue at the various shafts and working points with good progress, according to Manager R. A. Hardy, and work has been started this week driving underground at the portal of the haulage tunnel on American Flat.

Work at this point up to the present time has been completed to a point where the underground driving begins. Three shifts will be employed on the tunnel operations. Buildings are being erected for the transformer house and blacksmith shop, the change and compressor house having been finished—Virginia City Chronicle.

WHISKEY SLUSH FUND CHARGED

(By Associated Press)
CHICAGO, Oct. 15.—The arrest of three men in connection with the federal grand jury investigation of an alleged whiskey slush fund today disclosed, according to the police, that \$100,000 had been raised here to replace prohibited agents not susceptible to the law's advances.

MISS DeCAMP BRIDE OF MR. F. M. WHEELER

A quiet home wedding was solemnized last evening when Miss Dorothy DeCamp became the bride of Francis M. Wheeler. The ceremony was performed at the home of the bride's sister, Mrs. H. A. Diddell, by Judge Mack B. Averett, in the presence of a few intimate friends. The bride, who has lived in this city for some time, is considered one of the most efficient nurses in Tonopah. She has taken a prominent part in the social activities and is accounted one of the most popular members of the younger set. Mr. Wheeler, an auditor of the American Express company, has made many friends by his accommodating spirit in business dealings. He is a member of the Elks and of the American Legion and takes a prominent part in the activities of both organizations.

Arrowhead Rico Will Push Work on Ubehebe

E. E. Northrup, president; Sol Camp, vice-president; S. E. McDonald, general manager, and E. B. White, secretary-treasurer of the Arrowhead Rico Mining company, have returned from a trip of inspection to the Ubehebe properties in Inyo county, California, which the company recently took over from the Arrowhead Rico company. Messrs. Northrup, Camp and McDonald made the deal for the Rico company, with B. F. Farrington acting for the owner, Archie Farrington. The price paid was \$125,000. A number of beautiful specimens of silver lead ore were brought into Tonopah by the officers of the company from Ubehebe yesterday and are now on exhibition at the company's office in the State Bank building where they are being viewed today by many prominent business and mining men. One assay from a four-foot ledge gives 37

Box Car Full of Half Pints and Labeled Syrup Found in San Francisco

(By Associated Press)
SAN FRANCISCO, Cal., Oct. 15.—A box car containing 3000 gallons of whisky in half-pint bottles and valued at \$150,000, was seized today by prohibition officers. It was one of the biggest seizures here since prohibition went into effect. The shipment was labeled "syrup" and was consigned from a Kentucky distillery to Paul Schaiman, wholesale liquor dealer, according to S. Butler, enforcement officer.

SCHOOL HEALTH CASE IS TRIED

(By Associated Press)
OAKLAND, Oct. 15.—Mrs. Laura Culver, aunt of a Berkeley high school student involved in the recent controversy with the health department, was found guilty today by a jury of tearing down a quarantine sign placed on her home. Sentence will be passed October 21. It was after Dorothy Norton, her niece, had refused to have a culture taken for diphtheria or remain away from school that the quarantine was ordered.

NO RECOUNT OF NEVADA CENSUS

Word received by the chamber of commerce Wednesday was to the effect that there will be no recount of the census in Nevada. The information was in reply to protests sent to Washington, D. C., being declared that the official announcement of the population of the state is far below the correct figure. The census bureau says, however, that as the census work has been completed and the population of the nation announced it is too late to make a recount. The bureau holds that the figures for Nevada are correct and maintain a recount is unnecessary, as it would not change the result of the original enumeration—Journal.

FRED MINER IS MINING EDITOR

Fred L. Miner, whose soft spot has for years been writing about Nevada mines and mining, has become the editor of the American Mine Reporter, a new paper published in San Francisco. Mr. Miner is a careful, competent and conscientious news gatherer, and his paper should be valuable to people interested in mines.

Arrowhead Rico Will Push Work on Ubehebe

ounces of gold, \$25.60 in silver and \$6.4 ounces lead, making a total value of \$125.52 per ton. Another assay from a 12-inch galena vein shows 34 ounces of gold, 10 ounces of silver and 73.4 per cent lead, making a total value of \$172.92 per ton. The first work that the company plans will be the shipping of some commercial ore which has been extracted in the development work done formerly on the property. A tunnel will be driven to cut the ledges at depth and development work will be actively prosecuted. The group contains eight claims, six of which are silver-lead, and two copper. Various owners have held title to the property, but no extensive development campaign has been prosecuted. The location is 52 miles southwest of Bonnie Claire, which will be the shipping point.

CRUELTY CHARGE AGAINST DOCTOR

(By Associated Press)
VIENNA, Oct. 15.—The case of Professor Wagner von Jauernig, the noted heart specialist of the University of Vienna, before a commission of investigation of war delinquencies, has attracted attention in scientific circles. With several assistants, he is charged with cruelty, in that he used a high electric current to detect heart disease shamers among conscripts. Several deaths are reported to have resulted from this treatment, while some men are said to have committed suicide because of suffering caused by the method.

WHEAT MAKES BIG ADVANCE

(By Associated Press)
CHICAGO, Oct. 15.—Wheat made a big advance in price today after the news became public that President Wilson had asked Governor Allen of Kansas for information which might indicate that recent big fall in values were due to artificial causes. December delivery ran up 13 cents and sold at \$2.21.

AIR MAILS NOW INTERNATIONAL

(By Associated Press)
SEATTLE, Wash., Oct. 15.—Lines at two corners of the continent, Seattle and Key West, will launch the nation's first regular international mail service tomorrow. It was announced here recently. In the Seattle service an airplane will leave here for Victoria, B. C., with mail for a Canadian liner leaving for points across the Pacific and at Key West a plane will hop off with letters for Cuba.

One day at least will be saved, it has been estimated, by handling trans-Pacific mails between Seattle and Victoria by airplane. At present mails between the two points are handled through Vancouver, B. C., and generally take a day to make the trip. The airplane will operate on a schedule calling for one hour in flying between the two points.

Edward Hubbard, Seattle flier, has been awarded the government contract for carrying the mails. It will be his duty to take letter mail up to 400 pounds from incoming ships docking at Victoria and fly with it to Seattle at once. He also will deliver about the vessel at Victoria at the most possible moment 600 pounds of letter mail for the coast and Australia. Hubbard's contract calls for 10 trips a month. For his service Hubbard will receive \$200 each trip or \$2000 monthly. His job will run until June 1, 1921.

Hubbard has two airplanes to use in the service. His Seattle landing place will be Lake Union, not far from the heart of the city. At Victoria he will be provided by municipal authorities with a landing boat.

PICKFORD CASE NOVEMBER 13

"While in his chambers Thursday morning Judge Langan reset the date of hearing in the Pickford case to November 13, says the Carson Appeal. The date formerly set was November 6. This date was selected without consulting the judge, and the date falling on Law and Order day, he promptly set it aside and fixed the new date.

JOHNSON HINTS AT SURPRISE IN BASEBALL CASE

President of American League Expects Further Indictments Next Week

(By Associated Press)
CHICAGO, Oct. 15.—Startling developments in connection with the reopened special grand jury's investigation of baseball gambling next week were predicted today by President Ban Johnson of the American league in discussing his reasons for opposing the overtures of President Heydler of the National league for a conference at once to frame a new governing tribunal for baseball. "I do not care to attend any conference until the report of the grand jury is made and I know whom it indicts," Johnson said. "Its work is not finished; in fact, it is my information that there are now in hand facts that may lead to disclosures of more facts than have yet been dreamed of."

FOUR NATIONS TO AID CHINA

(By Associated Press)
NEW YORK, Oct. 15.—A common plan agreement between representative banking groups of Great Britain, France, Japan and America, for extending financial and economic aid to China was signed here today by representatives of the various groups.

RICO PUSHING WORK ON MINE

Work on the property of the Arrowhead Rico at Arrowhead is being pushed, the galleons frame being up and the machinery being installed, while a full crew is engaged in working the shaft. Within a short time the plant will be completely housed and everything will be in readiness for active development of this most promising Arrowhead property. The Rico is well financed and the company with its active development campaign expects in a short time to encounter the pay ore bodies for which it is now sinking.

A FORMER NEVADAN

J. C. Denton, who was murdered recently in Los Angeles, was a mining man. He formerly operated at Goldfield and later at Oatman, Arizona, where he was superintendent of the United Western property and owned stock in the Big Jim. He is reported to have made a lot of money at Oatman—Battle Mountain Scout.

Reorganized Belcher Divide to Push Work

A meeting of the board of directors of the Reorganized Belcher Divide Mining company was held this morning at the office of the company in Brougher avenue. The officers of the old company, the Belcher Divide, resigned, and a new board of directors and officers were elected, consisting of N. M. McCormick, president; C. L. Richards, vice president; E. J. Erickson, secretary and treasurer. Three others, together with H. C. Brougher and E. J. Roberts, who were elected as directors, will form the board of directors of the Reorganized Belcher Divide Mining company. At today's meeting the regular sale day of delinquent stock, which was set for today, was postponed for a period of 30 days, this action being taken on account of the many original stockholders of the old Belcher Divide company having not as yet become aware of the new reorganization.

BLOSSOM SEELEY DIVORCES MARQUARD

(By Associated Press)
CHICAGO, Oct. 15.—In divorce court today the presiding judge indicated he would grant Blossom Seeley, vaudeville actress, a decree from Ruben Marquard, Brooklyn National league pitcher. The suit was instituted nearly a year ago.

GOLD PARK MILL IS BEING BUILT

The work of building the mill at Gold Park is progressing steadily, and Mr. Todd, the general manager, hopes to have it finished, supplies laid in for winter, and be pounding away in ore before the heavy snows complicate the transportation problem, says the Reese River Reveille. A small force of men is kept busy in the mine, in which there is over a mile of underground workings, getting the property in shape for rapid working as soon as the mill can be made ready to handle the ore. A comfortable and convenient millhouse has been erected and will be kept in good shape. Supplies are being laid in and when they get going good they expect to have a cozy little community of 50 to 60 people.

RAISIN CASE IN FRESNO STARTED

(By Associated Press)
LOS ANGELES, Cal., Oct. 15.—Argument of the motion for dismissal of the case of the United States against the California Associated Raisin company began here in federal court today. Attorney Carl Lindsay of Fresno opened the argument for the defense and company and announced that his presentation would require several days. Suit was brought against the raisin company early in September, the complaint alleging that the defendant corporation was a monopoly in restraint of trade and asking under the Sherman act that it be restrained from further operations.

ABE ATTILL TO STAY IN CANADA

(By Associated Press)
MONTREAL, Quebec, Oct. 15.—Abe Attill, pugilist, whose name has figured prominently in connection with baseball exposures in the United States, is residing in Montreal, according to the Herald. When interviewed today, Attill said he had been living in Montreal since the investigation began. When told he was being sought in the United States he replied "They can't touch me here and here I stay."

LIMITING OF IMMIGRATION IS ADVOCATED

Chairman of Immigration Committee Has New Solution of Jap Question

(By Associated Press)
TACOMA, Wash., Oct. 15.—Senator Albert Johnson, chairman of the house committee on immigration, announced today that he would advocate limiting immigration to relatives of naturalized citizens when the immigration committee meets in Washington on November 15. "Such a law will protect plants of immigration and then there will be a guarantee back of such limit grant," Johnson expressed the belief that immigration from Japan can be limited to relatives and students without giving offense to the Japanese government. The probe of the Japanese situation by the immigration committee he said, showed that opposition to the Japanese immigration is not a matter of hysteria.

UTAH PLANNING AIRPLANE LAWS

(By Associated Press)
SALT LAKE CITY, Utah, Oct. 15.—A law giving courts jurisdiction over the power to spend public funds for building airports, harbors and aviation fields for public and private use, is to be introduced in the next Utah legislature according to an announcement here. The transportation branch of the Salt Lake Commercial club is sponsoring the measure and if passed, it will be the first state legislation, referring to aviation, to be introduced in the history of Utah.

It is planned that the law will provide for the expenditure of up to \$100,000 for the construction of airports, harbors and aviation fields, and that the money be spent for roads. The law will provide for the creation of public facilities for airplanes, and also for automobiles and other vehicles.

RUSSIAN PLEADS FOR REVOLUTION

(By Associated Press)
HAMBURG, Germany, Oct. 15.—Fully four hours today M. Zinoviev, chairman of the executive committee of the third international, and one of the four chief exiles of Soviet Russia, pleaded with the independent Socialists at their convention here to join with Moscow in creating a revolution in Germany and help carry out the proletarian program for world revolution. At the conclusion of his address the radicals of the party stood with bared heads, singing the international while the conservatives walked slowly from the hall. It is expected a vote on whether the independents will go here to Moscow will be taken tomorrow.
